API's, RESTful API's

CAREER OBJECTIVE

Former Marketer transitioned into a Full Stack Developer creating intuitive and sleek web experiences with clean code. Self-driven and always excited to learn. Always having an interest in coding, attending a bootcamp solidified this interest and ignited a passion.

WORK EXPERIENCE

Software Engineer

Freelance/Consultant

Feb 2022 - current / Dallas-Fort Worth, TX

- Created functional and user friendly websites for personal businesses. Scheduled meetings with potential clients and discussed what services I can provide.
- Discussed the purpose of their interested site to determine the best way to architect the site and what languages are needed. Determined if their site needed a backend server or if any fetching will be required to any API's.
- Met with other developers and provided verbal assistance with their code/projects. Provided my advice on the architectural requirements of their site.

Marketer

LifeScience Partners & Texas Brain Institute

Jan 2021 - Oct 2021 / Dallas-Fort Worth, TX

- Produced marketing and promotional material to increase business. Responsible for establishing and maintaining relationships with Physicians' offices which can drive volume. Required to cold call Physicians' offices and establish new relationships.
- Delivered patients CD with images or any correspondence to their referring Physicians for continuous care. Addressed any issues or concerns a referring medical office may have. Responsible for establishing and maintaining relationships with Personal Injury Attorney's to bring volume to our companies.

LOP Collections/Notary

Preferred Imaging/Akumin

Jan 2018 - April 2020 / Dallas-Fort Worth, TX

- Responsible for the collections of medical services rendered to patients in relation to their motor vehicle accident. Responsible for the submission of claim forms, medical reports and other documents to the auto insurance companies to ensure reimbursement.
- Negotiated any reductions with the auto insurance companies to ensure reimbursement for services rendered by our facilities. Maintaining the relationships with Law Firms by providing them any documents needed from our facilities, completing affidavits with our bills and records to be submitted into discovery. Responsible for following up with Law Firms and requesting updates on cases and status of payments.

PROJECTS

Movie App

- Created a movie database site containing millions of movies for fans to search, review, see ratings and read an overview description of the movie.

Pokemon App

- Created a Pokemon app for Pokemon fans to review each of their favorite Pokemon along with their stats.

Twisted Creations

- Created a responsive site for a company to which customers can visit and see the services they offer.
